

**IN THE UNITED STATES DISTRICT COURT
FOR THE WESTERN DISTRICT OF NORTH CAROLINA
ASHEVILLE DIVISION
1:08cv552**

THIS MATTER is before the court on the “Consent Motion to File Consent Order Under Seal” (#47). In such motion, the parties state that the “Order contains confidential information, including the identities of customers.” Id., at ¶ 2. The only proposed Order annexed to such pleading is an Order allowing the Motion to File Consent Order Under Seal. The instant motion presents a number of problems: first, the parties have not tendered to the court via CyberClerk or otherwise the relevant proposed Consent Order for review; second, the parties have already dismissed the action; third, this court is not typically inclined to add a federal judicial oversight to a private settlement; and fourth, Local Civil Rule 6.1 has neither been referenced nor complied with in such filing. There being no basis for any relief, the motion will be denied.

ORDER

IT IS, THEREFORE, ORDERED that the "Consent Motion to File Consent Order Under Seal" (#47) is **DENIED**.
